

Opracon celebrates 10 years of consulting

Last week, Friday 24th of July 2026, Opracon marked 10 years of service with an anniversary celebration held at Oasis Motel, bringing together clients, staff, and partners to reflect on a decade of growth. What began in 2016 as a small home-based consultancy has grown into a firm trusted by 17 BSE-listed companies, 2 SA-listed entities, banks, telecommunication companies, state-owned enterprises and SMEs.

The event was a moment to thank the people who have supported Opracon's journey. Guests included long-standing clients, finance professionals, and members of the business community who have worked with the firm on tax, HR, training and Data Protection matters.

In his address, the firm's founder and Managing Director, Jonathan Hore looked back at the early days of sending emails and building relationships one client at a time. He said the company's growth has been built on trust, accuracy, and a commitment to helping businesses make sound decisions. "Ten years ago, we started with a simple goal: to make tax and business advisory accessible and practical for Batswana. Today, we are proud of the partnerships we've built and the impact we've made together," Hore said.

Corporate executives highlighted Opracon's role beyond just numbers but value addition. Clients shared how the firm's advice has helped them stay compliant with the tax laws, upskill their staff, comply with Employment laws and build stronger internal systems. Many described Opracon as a partner that understands both the technical and human-side of business.

The evening also looked ahead. Opracon reaffirmed its commitment to supporting local businesses, skills development through its division, Opracon Skills & Academy, HR and creating solutions that help companies grow sustainably.

As Opracon enters its second decade, the message was clear: the foundation is strong, and the future is about even greater impact.
